Testimonials

I would just like to say a big THANKYOU to you. Without people like you the average person hasn't got a hope. I cannot believe how much "red tape" and how many ridiculous hurdles Council comes up with to try and make what should be a simple decision seem like a big issue.

I have told as many people as I know about how quickly you assisted us in getting the resolution we needed. I spoke to you late one Thursday afternoon about our predicament, you phoned back at 7.00pm that same day and had organised a meeting for the next day with Council and also arranged for the Mayor to be there (unbelievable).

Sonya I cannot recommend you and your services enough.

Tony Hourigan - Beaumont Hills NSW

It is with pleasure and complete confidence that I recommend Sonya from "Solutions by Sonya"

I have engaged Sonya on several occasions and I am full of praise for both her knowledge of her industry and also her excellent initial and ongoing client service. She is always gracious and perceptive and willing to help. Her patience and attention to detail is commendable. I have readily referred clients, family and friends to her and their feedback and comments have been overwhelmingly positive.

Bev Barnfather
Director Ladybird Gifts

Many thanks for your assistance. We knew the road would be bumpy, so thank you for your help.

Money well spent!

Paul & Maria Kerr - Hornsby Heights NSW

We were having difficulties in dealing with Council in order to gain approval for a carport to be erected on our property.

Sonya was engaged and came to our rescue with her expertise and excellent knowledge of Local Government rules and regulations.

Sonya presented our situation to Council and through her abilities the matter was dealt with and approved at the required administrative level and we believe that without her intervention and efforts the matter would not have resulted in such a positive manner.

We have no hesitation in recommending Sonya in her consultative role as she has proven to be so successful in our situation.

Kind Regards,

Kay & Tony De Luca WPH NSW

Just got my DA Approval and Building Certificate for the mezzanine, in the last few days. Thanks for your help.

Regards,

John & Maureen DeBrincat.
