Dear Sonya,

On behalf of the Nepal Reconstructive Surgery Program, we'd like to thank you so much for your contribution to the *Thank God You're Here* event last weekend.

Whilst we are proud of our team's medical expertise, fund raising is a constant challenge for us. To raise almost \$10,000 was a huge feat, and our team was humbled by your generosity to assist this project.

We cannot offer the gift of surgery without funding; your input will ensure the Nepalese patients in our program will enjoy a transformed life in 2011.

We would love to stay connected with you in the future and continue to share with you how your efforts made an impact in Nepal. Simply email us back with all your contact details (including email) and we'll add you to our database.

Thanks again.

Yours faithfully,

John Sanburg
